Station - Mangalore, Dated the 7th June 1938.

From (Name) Sri Rao Bahadur M. V. Vellodi, B. A.,
(Designation) Ex-Officio President, District Board,
South Kanara.

To The Secretary to the Government of Madras,

EDUCATION & PUBLIC HEALTH Department.

Sir,

M a d r a s.

The District Medical-Officer, South Kanara brought to the notice of the District Board on 20-11-36 through his Inspection Report that the continuance of the Rural Dispensary at Naravi was not justified on account of its very poor attendance. The District Board at its meeting held on 18-3-1937 appointed a Committee to go into the question of transferring this dispensary to some other village where medical relief would be necessary. The Committee recommended that the dispensary should be shifted to Nellikar, an interior village in Karkal Taluk, and this recommendation was accepted by the District Board. The Board's view, however,

mm
13/6

was not acceptable to the District Medical Officer who in his letter R.O.C.551, L-H dated 23-12-37 (copy enclosed) addressed to the President wanted that the dispensary should be shifted to Surathkal. When this matter came up before the District Board at its meeting held on 5-1-1938, the Board reiterated its former decision and recorded its unwillingness to deprive people of the interior villages, of medical relief (copy of District Board resolution enclosed). The Surgeon-General presumably on the strength of the reasons advanced by the District Medical Officer in his letter R.O.C.551 dated 23-12-37 accepted the decision of the District Medical Officer - please see his letter R.No.6608-H dated 26-4-38 - copy enclosed.

A. p.p 4.5 m/ra

B. p. 7 m/ra

C. p. 4.5 m/ra

D. p. 8 m/ra

2. As the matter thus stood undecided, the Board was dissolved on 31-3-1938 and I assumed charge of the administration. In my capacity as the Ex-Officio President of the District Board, I addressed a letter Ref.C.No.3891-A4/38 dated 7-5-38 to the Surgeon-General (copy enclosed) wherein I advanced reasons in support of the decision of the District Board to shift the dispensary to Nellikar and pointed out to the Surgeon-General that Surathkal being a Coastal Station was less in need of Medical aid than an interior village like Nellikar. The District Medical Officer sought my advice in my capacity as Collector and I told him that I would not go against the wishes of the Board.

E. p. 9.10 m/ra

3. In his reply Ref.No.11187-1-HIS dated 19-5-38 (copy enclosed) the Surgeon-General says that he is strongly of opinion that the dispensary should be shifted only to Surathkal and that if the Board should still disagree

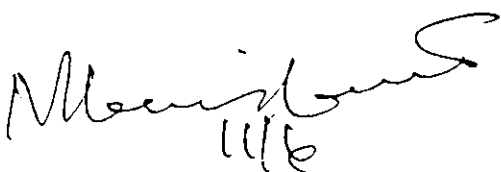

F. p. 11 m/ra

with this view, the matter may be reported to Government for their final decision. I am unable to see any additional grounds for his vehemence of expression.

4. I am not sure whether the newly constituted Board would reject the considered opinion of its predecessor Board and agree to shift the rural dispensary to Surathkal. A perusal of Government Memorandum No.4731-1/D2, P.H., dated 18-3-1937 would show that Surathkal is not one of the villages selected as suitable for the opening of Rural Dispensaries. When villages mentioned in the Government Memorandum which in the opinion of the Surgeon-General himself urgently -- require medical relief have not been yet catered for it is inexplicable how a coastal station like Surathkal is entitled to get a Rural Dispensary at the expense of several interior villages including Nellikar where rural population are suffering acutely for want of adequate medical relief.

5. As there is a difference of opinion between the District Board and the Surgeon-General with regard to the location of the Dispensary, I request that Government may be pleased to give their final decision in the matter. In the meantime I have notified the closure of the Dispensary at Naravi and served a notice of discharge on the Medical Officer in pursuance of para 10 of the agreement entered into with the Medical Practitioner.

Your obedient servant,

$\frac{12}{1}$ 

For Ex-Officio President,
District Board, South Kanara.

$\frac{dnc}{10.6.38.}$

Copy of letter R.No.551-L.H/37 dated 23-12-37 of the District Medical Officer, South Kanara to the President, District Board, South Kanara.

Sir,

Ref:- Your letter C.No.3891-A4/37 dated 12-10-37 regarding proposal of the shifting of the Rural Dispensary, Naravi.

I do not recommend the shifting of the Rural Dispensary Naravi to Nellikar for the following reasons:-

(1) Nellikar is only about four miles from Naravi and is very thinly populated, the population of Naravi being 1300 and that of Nellikar being only 886.

(2) Even with a population of 1300 at Naravi the out patient daily average attendance was only 12 in 1937. The present medical practitioner of Naravi has reported that no patient from Nellikar has ever gone to his dispensary though Nellikar is only four miles from Naravi. I also -- understand that people round about Naravi and Nellikar have little faith in allopathic treatment. Another factor that has been responsible for the low attendance at Naravi is that Malaria is the most common disease in places round about Naravi, Nellikar &c., and that there are agents of the Public Health Department for distributing free supply of quinine. Such being the case a patient gets his quinine from the Agent of the Public Health Department who lives in or near his village and does not trouble himself to go to the Rural Dispensary. These factors will also cause low attendance at Nellikar if a rural dispensary is opened there.

I recommend that the dispensary at Naravi be shifted to Surathkal for the following reasons. Surathkal has got a population of 3746 and has got 12 villages within a radius of five miles of it with a total population of 20239 as could be seen from the following list.

Surathkal - 3746, Iddya - 2240, Hosbettu - 1653, Kulai - 1524, Baikampadi - 2165, Panamboor - 4221, Chellairu - 1042, Madya - 448, Surinje - 972, Kuthethur - 1938, Bala - 1464, Kalavar - 779, Thokur - 1793.

There is a river on either side of Surathkal preventing a patient from easy travel either to Mangalore or to Moolki Hospital. Moreover I understand that in the rainy season these rivers get flooded and cause a lot of inconvenience to travellers. The bus fare from Surathkal to Moolki is annas four and that from Surathkal to Mangalore is annas five. Surathkal is about 9 and 10 miles distant from Moolki and Mangalore respectively. The present lot of the poor patient wanting medical aid at Surathkal can be easily imagined.

I hope the Board will have no hesitation in --
transferring the dispensary from Naravi to Surathkal on account of the reasons given above.

(Sd) K. K. Nambyar,
Dt. Medical Officer, S.K.

Sir,

Sub:- Medical Institutions - Rural Dispensary at
Naravi - Transfer of the Dispensary.

Ref:- Your R.O.C.No.6608-H dated 26-4-1938.

&&&

With reference to your letter quoted above, I have to point out to you that the proposal of the District Medical Officer for the closure of the Rural dispensary at Naravi was investigated by a Committee appointed by the District Board and it was after mature consideration that the District Board had decided to shift the Naravi Dispensary to Nellikar, one of the most interior villages of the Karkal Taluk requiring medical relief.

2. The District Medical Officer however for reasons stated in his letter R.No.551/L.H.37 dated 23-12-37 has -- disagreed with the proposal of the District Board and recommended the transfer of the dispensary to Surtkal. At its meeting held on 11-1-38, the District Board considered the recommendations of the District Medical Officer and reiterated its former decision to shift the dispensary to Nellikar on the ground that the rural folk of an interior village like Nellikar are more in need of medical aid than Surathkal - a coastal station where the necessity for medical relief is not so keenly felt.

3. The question of shifting the dispensary at Naravi has now become ^ocontraversial on account of the -- difference of opinion between the medical authorities and the District Board. As the Collector of the District I had officially informed the District Medical Officer that I was not prepared to go against the considered opinion of the District Board.

4. The location of dispensaries can be viewed from

For Ex-Officio President.

To

The Honorable Minister for Public Health,
Government of Madras,
MADRAS.

Respected Sir,

I hear that the Rural Dispensary at Naravi which has been notified by the Local District Board to be closed, shortly, will be shifted at Suratkal.

In this connection I have to submit that I am having private practice at Suratkal since the last two years and am able to eke a maintenance. As such, I request that there is no necessity for opening a Rural Dispensary at Suratkal at present, as the place is not big enough to require two dispensaries.

If, however, it has been decided to have the Rural dispensary at Suratkal, I request that I may be appointed as the Medical Officer in charge, as otherwise my future practice will suffer.

I remain,
Sir,
Very truly yours,

Suratkal,
30th June 1938.

M. Purushottama Kamath .

Naravi - Shifting to Surathkal

Petition from Sri M. Purnushotham
Kannath. Private Medl Practitioner
Surathkal d 30-6-38

Memo No. 29094-192 MHS 11-7-38

In his letter no 11187-1 Hls d
17.5.38 to the D.O.B. South Kannara,
the S.G. has stated that the rural
dispensary at Naravi should be
shifted only to Surathkal as
recommended by the D.O.B.
As a private medical practitioner
Sri M. Purnushotham Kannath has
reported that he has already
settled down in the village for
practice, it is wrong in principle
to open a rural dispensary in that
village. The S.G. is therefore
requested to report whether he
is agreeable to the transfer of the
rural dispensary at Naravi to
Nellikar as resolved by the 2nd
Bd and if not to suggest

3
16

b) some other suitable village to which the rural dispensary at Narani may be removed

2 With reference to memo no 26079-1 (22) P.N.D. 25-6-38. - 11/12-13CF- the P.D.B. South Kanara is informed that the question of the transfer of the rural dispensary at Narani to Surathkal need not be placed before the new S.G. now & that a further reference will be made as soon as the S.G.'s reply is received.

To,

Sri. Dr. T.S. Rajan,
The Hon Health Minister,
Madras.

Sir,

I hope you remember the representation made by me and the villagers at Vencoor school during your recent tour in this District for sanctioning a rural dispensary. I am enclosing herewith a copy of the petition by villagers submitted to the D.M.O. and the District Board President regarding the same matter and I humbly request you to kindly consider our request favourably.

I am

Yours truly.

S. Nagarajah

To

The District Medical Officer,

South Kanara, Mangalore.

Humble petition of the residents of the following villages in Markel Taluk, South Kanara.

Sir,

We are the unfortunate residents of the following villages, their names, the population and the families are given herebelow:-

No.	Names of villages:	Occupied houses:	Population:
1.	Andinje	124	601
2.	Arambady	198	1030
3.	Padakodi	84	496
4.	Dejre	133	758
5.	Gunduri	79	555
6.	Hosanyadi	198	1030
7.	Karibanel	176	882
8.	Kashipatna	190	1023
9.	Kokkaradi	97	408
10.	Kukkadi	137	735
11.	Lorodi	192	965
12.	Hittede	121	648
13.	Peradi	149	777
14.	Venoor	154	850
Total:		2031	12,864

2. The abovesaid villages form a compact group situated on either side of Moodabidri Guruvayankere Road, with Venoor as centre and easily accessible during all the months in the year. Venoor is at an equal distance

to all the other villages which are within a radius of about 6 miles. The village Vanoor is the headquarters of the Revenue Inspector and the Excise sub-Inspector. It has got a longstanding board elementary school with a population of about 100 students, a church and a co-operative society. It had also a travellers Bungalow and a police outpost. Vanoor also is a Jain pilgrim centre where pilgrims from all parts of India flock in large numbers throughout the year. The Coondapoor sub-collector used to hold his annual jamebandi at Vanoor formerly. But of late it has been stopped owing to the highly malarial nature of the place.

3. The group of the abovenamed villages consists of poor agriculturists and a large number of Harijan labourers. The whole area is a highly affected malarial region where the death roll is far in excess over the birth rate. In addition, the large number of Harijan labourers go to the coffee estates over the Mysore State and come back with malaria and other kinds of diseases and spread them in this area. Besides the people are also affected by dysentery, cholera, typhoid and pneumonia and a number of unfortunate people are dying every year in these parts without any medical relief. The only places where medical relief is available to them is either at Goodabidri or at Ellihangadi both of which are at a distance of 12 miles from Vanoor or at Kantval which is 16 miles away.

4. For the last three or four years the scourge of high fever is so persistent and virulent during all the months of the year that a number of whole households have been prostrate and absolutely helpless and oppressed by the disease which is accentuated by dysentery and many have died because of want of medical relief.

5. We therefore most earnestly beg to bring to your kind notice that we are in urgent need of at least a rural dispensary to meet our most urgent and pressing needs.

6. We understand from a notice of the collector president of the District Board that the rural dispensary at Harevi is to be abolished in about a month. It is our great misfortune that our last representative in the District Board did not press our claims and we also ~~have~~ learn to our great surprise that he has been trying to have that dispensary shifted to Hollikar a place where he has got a vested interest.

7. We, therefore, most humbly pray that you may be good enough to take pity upon the poor and helpless residents of this most neglected area and to kindly recommend a rural dispensary to be started at Venoor for which act of kindness we and our generations will ever and truly remain grateful to you.

We beg to remain,

Sir,

Your most obedient servants,

131 Villagers

To The Secretary to the Government of Madras,
 EDUCATION & PUBLIC HEALTH Department.

Sir,

M A D R A S.

As stated in paragraph 5 of this office Ref.C.
 No.3891-A4/37 dated 7-6-1938, the Rural Dispensary at Naravi
 will have to be closed on the afternoon of 28-8-1938 as
 per the notice of discharge served on the Practitioner on
 29-5-1938.

2. The Government have in their Memorandum No.
 29094-1-D2, P.H., dated 11-7-1938 referred the matter -
 again to the Surgeon-General and I am not sure whether I
 can expect further orders from the Government sufficiently
 early to order the shifting of the Dispensary.

p. 3 ante

p. 15-16 ante

3. The Medical Practitioner also requests that his Rural Dispensary at Naravi may not be closed till it is re-opened anywhere else and that he is prepared to work as a Medical Practitioner in whichever place the Rural Dispensary is re-opened.

4. I request to be informed whether the services of the Medical Practitioner can be continued beyond the date of the notice of discharge and whether the Practitioner can have any claims for appointment at the new station.

President,
District Board, S. Kanara.

quoted above are returned herewith.

I have the honour to be,
Sir,
Your most obedient servant,

H. E. Short

Lieut-Col. I.M.S.,
Surgeon-General with the Government of Madras.

kg.29/8.

Copy of letter No.551-LH/37 dated 23-12-1937 of the District Medical Officer, South Kanara, Mangalore to the President, District Board, South Kanara, Mangalore.

Reference:- Your letter C. No.3891/A4/37 dated 12-10-1937 - Proposal of the shifting of the rural dispensary, Naravi.

I do not recommend the shifting of the rural dispensary, Naravi to Nellikar for the following reasons:-

(1) Nellikar is only about four miles from Naravi and is very thinly populated, the population of Naravi being 1300 and that of Nellikar being only 896.

(2) Even with a population of 1300 at Naravi the out-patient daily average attendance was only 12 in 1937. The present medical practitioner of Naravi has reported that no patient from Nellikar has ever gone to his dispensary though Nellikar is only four miles from Naravi.

I also understand that people roundabout Naravi and Nellikar have little faith in Allopathic treatment. Another factor that has been responsible for the low attendance at Naravi is that Malaria is the most common disease in places roundabout Naravi, Nellikar etc. and that there are agents of the Public Health Department for distributing free supply of quinine. Such being the case a patient gets his quinine from the Agent of the Public Health Department who lives in or near his village and does not trouble himself to go to the rural dispensary. These factors

will also

These factors will also cause low attendance at Nellikar if a rural dispensary is opened there.

I recommend that the dispensary at Naravi be shifted to Suratkai for the following reasons. Suratkai has got a population of 3746 and has got 12 villages within a radius of five miles of it with a total population of 20239 as could be seen from the following list.

Suratkai - 3746, Iddya-2240, Hosbettu-1653, Kulai-1524, Faikampadi-2165, Penambur-4221, Chellairu-1042, Madhya-1448. Surinje-972, Kuthethur-1938, Bala-1464, Kalavar-779, Thokur 1793.

There is a river on either side of Suratkai preventing a patient from easy travel either to Mangalore or to Moolky Hospital. Moreover I understand that in the rainy season these rivers get flooded and cause a lot of inconvenience to travellers. The bus fare from Suratkai to Moolky is annas four and that from Suratkai to Mangalore is annas five. Suratkai is about 9 and 10 miles distant from Moolky and Mangalore respectively. The present lot of the poor patient wanting medical aid at Suratkai can be easily imagined.

I hope the Board will have no hesitation in transferring the dispensary from Naravi to Suratkai on account of the reasons given above.

Copy of letter R.No.551-LH/37 dated 20-7-1938 of the District Medical Officer, South Kanara, Mangalore, to the Personal Assistant to the Surgeon-General with the Government of Madras.

Reference:- Your Memorandum Ref. No.11187-2H, dated 15th July 1938 communicating Government Memorandum No.29094-1 D2. P.H. dated 11-7-1938 regarding shifting of Naravi Dispensary (Rural) to Suratkai

With reference to your above quoted memorandum, I have the honour to state that as Government deem it wrong in principle to remove the Rural Dispensary from Naravi to Suratkai because a

private

Sp 15-16 ante

private medical practitioner has already settled down in the latter place, then there are better alternatives than removal of the said dispensary to Nellikar. As my predecessor already pointed out in his letter R. No.551-LH/37 dated 23-12-1937 to the President, District Board, South Kanara (Copy enclosed) the removal of the dispensary to Nellikar would be to court failure. He has already given several reasons for the same to which I should like to add that as the population round about Nellikar, I hear, consists mostly of jains, they have an orthodox disinclination to treatment in allopathic institutions.

So the best alternative would be to shift the dispensary to Venoor a village in Karkal Taluk. In this connection I am forwarding herewith a petition from the people of the villages near about Venoor, which contains all the facts and figures for more favourable consideration of the shifting of the said rural dispensary at Venoor rather than to Nellikar.
